JCMH NURSE INTERN PROGRAM

Program Description

The Nurse Intern program is an eleven-week educational program during the summer for students who have successfully completed the first full year of all classroom and clinical work in an A.D.N. program and/or through the junior level of a B.S.N. program. As a JCMH employee, you will be working in the clinical area a minimum of 24 hours per week (*exceptions will be considered on an individual basis*) and attending a 4-hour clinical conference each week. Weeks 1-2 will consist of employment requirements and orientation, and week 3-11 will consist of clinical work. This program was designed to assist the nursing student with the transition from student to professional nurse with less stress and assume a productive role as staff nurse with greater rapidity. This “hands-on” clinical experience will strengthen critical thinking skills, as well as, time-management and technical skills. A Registered Nurse, who has completed the JCMH Preceptor Training Workshop, will mentor each intern and oversee the care provided. During the summer program, the nurse intern will be required to wear charcoal gray scrubs.

Purpose

The program provides opportunities for nursing students to obtain clinical experiences and develop proficiency and confidence in basic nursing skills.

Application Process

Submit a ***JCMH application (if applicable) and Forms D, E, F, G, and H*** from this packet to the JCMH Education department by ***Friday, March 25, 2022.***

Qualifications of the student:

- Has current enrollment status with the school of nursing and **successfully** completed the first full year of all classroom and clinical work in an A.D.N. or B.S.N. program
- Must have proof of citizenship or eligibility to work in the U.S.
- Has completed all application paperwork prior to the deadline
- Must be in good standing with the school of nursing
- Must submit a copy of skills checklist to your assigned unit on 1st day of employment

Nursing Student Selection

A limited number of nurse interns will be accepted into the program. You will be able to rank your top three clinical areas that you would like to be placed in. Placement is determined by the availability of preceptors and nurse managers. Nurse Interns will work in one area for 4 weeks and work in a second desired area for the remaining 4 weeks of the program.

After the application deadline, the applicants will be contacted via phone or email to schedule an interview with the nurse intern program committee and nurse managers. The interviews will be scheduled during the second week of April.

NO MAKEUP INTERVIEWS SCHEDULED

The Nurse Intern Program Coordinator will notify students of their selection or non-selection. Letters or emails will be sent by *Monday, April 18, 2022.*
